Narrative: On 05212018, I was assigned an investigation regarding alleged, repeated, sexual assaults committed by [redacted] DOB [redacted]. The investigation was initiated at the request of the Vermont Attorney General's Office. The victim in this matter, [redacted] was scheduled for a forensic interview at the Child Advocacy Center (CAC) in Springfield on 07122018. The interview was to be conducted by Martha Neary.

It should be noted that this is not the first time these allegations have been brought to the attention of the police. In October of 2014, Det. Captain Daniel Trudeau conducted interviews regarding multiple sexual

assaults, reported to have been committed by [redacted] against [redacted] when [redacted] was a teenager and [redacted] was a young adult. What follows is documentation and reports authored by Trudeau in relation to that investigation:

On May 26, 2015 VSP Captain Ray Keefe advised me that in October 2014 he spoke with [redacted] who [redacted] had identified as a victim of a sexual assault. Captain Keefe generated a brief report about his conversation with [redacted] (14D103344). During my conversation with Captain Keefe he also provided me another victim's name, which I subsequently contacted myself.

On June 15, 2015 [redacted] called me and advised that although [redacted] had spoken to Capt. Keefe in October 2014 [redacted] didn't disclose all of the details and events that had occurred between [redacted] and [redacted] but that [redacted] was ready to speak at length about it now. I agreed to meet with [redacted] on June 16, 2015. On June 16, 2015 at approximately 1345 hours I met with [redacted] at the VSP Brattleboro barracks. My interview with [redacted] was not recorded at this time. At this time [redacted] provided me [redacted] current address and phone number. I had a copy of Captain Keefe's report with me and read it to [redacted] pointed out that the report didn't mention that [redacted] reported having [redacted] with [redacted] I told [redacted] that the captain would not have omitted that part, so therefore maybe [redacted] didn't disclose that portion which [redacted] agreed was possible. In Captain Keefe's report it was described that [redacted] told [redacted] was [redacted] years old when [redacted] began working at [redacted] in Bellows Falls. [redacted] advised me that [redacted] knows [redacted] was [redacted] years old. I again told [redacted] that back in October 2014 [redacted] must have reported it as [redacted] to Captain Keefe, otherwise he wouldn't have written it that way, which [redacted] agreed was possible.

I advised [redacted] to tell me how [redacted] knew [redacted] [redacted] said that [redacted] best friend [redacted] was [redacted] and that [redacted] brought [redacted] with to the hospital to visit [redacted] after [redacted] had a [redacted] [redacted] years old. [redacted] said that since then [redacted] family and the [redacted] have been very close and gone on day trips, vacations, picnics, etc together. [redacted] said that in 1991 [redacted] was [redacted] years old and began working at the [redacted] in Bellows Falls Vermont. [redacted] said that [redacted] did dispatch duties and administrative work. [redacted] stated that it was this summer when [redacted] and [redacted] actually got married. [redacted] said that at the time [redacted] was an [redacted] at the [redacted] and was working towards being a [redacted] [redacted] was also considered one of the managers and [redacted] boss. [redacted] said that in January or February of 1991 [redacted] was riding with [redacted] in his car. They pulled over at a rest area in Ascutney, Vermont and he tried to [redacted] but [redacted] pulled away. [redacted] said that at the time of her early employment [redacted] did not have a driving license but from time to time [redacted] would bring [redacted] to the exit 7 boat launch parking lot and [redacted] would let [redacted] practice driving in the large parking lot. [redacted] said that [redacted] often had [redacted] and that [redacted] actually liked it because [redacted] didn't have much experience with [redacted] and it was nice to have one who expressed some type of interest in [redacted]

[redacted] estimated that during February or March (1991) [redacted] was working one evening at the [redacted] [redacted] with [redacted] [redacted] estimated February or March because it was cold out and the [redacted] were closed. Prior to the interview, [redacted] turned over a printed email that indicated it was from [redacted] to [redacted] The email was dated 03062006 at 2:14 pm. The email appears to be [redacted] addressing issues surrounding their pending divorce. In the email [redacted] states that "you [redacted] while still married to [redacted]. The email goes on to say, "Remember your oops with [redacted]?"

The following is a synopsis of the interview on 07122018. For actual dialogue and statements made the reader should refer to the audio/video recording. During the interview [redacted] told Neary almost verbatim, what was documented in Trudeau's reports from 2014.

[redacted] described how most of these occurrences happened at the [redacted] on [redacted] in Bellows Falls. [redacted] was able to determine the time frame based on [redacted] recollection that these things happened prior to [redacted] obtaining [redacted] drivers license. [redacted] said that [redacted] took [redacted] road test to obtain [redacted] license shortly after [redacted] birthday and right after school let out for summer vacation (mid-June 1992).

[redacted] explained that [redacted] and [redacted], were very good friends while [redacted] was growing up into [redacted] years. [redacted] said that [redacted] first met [redacted] when [redacted] came to visit [redacted] in the hospital while [redacted] had [redacted] and [redacted] was [redacted] years old. After that, as [redacted] aged, [redacted] recalled [redacted] doing nice things for [redacted] such as bringing [redacted] a drink or some other item if he stopped at the store for anything. [redacted] said that before [redacted] could drive legally, [redacted] would let [redacted] drive [redacted] truck in a parking lot near Bellows Falls. [redacted] described the attention as something that made [redacted] feel good as an overweight teen.

[redacted] said that [redacted] believed [redacted] was about [redacted] years old when [redacted] had [redacted] as a result of a car accident that happened around the time of their marraige. [redacted] said that [redacted] took [redacted] to visit [redacted] in the hospital. [redacted] explained that when they returned home, they stopped along the way so [redacted] could use the restroom. [redacted] said that when [redacted] returned to the vehicle [redacted] had some snow and rubbed it on [redacted] face and then rubbed [redacted] face against [redacted].

[redacted] explained that some time after [redacted] turned [redacted] years old, and before [redacted] and [redacted] wed, [redacted] began to work at [redacted] as a clerk. [redacted] said that this was shortly after [redacted] and [redacted] [redacted] wed. [redacted] said that [redacted] was working as an [redacted] there at the time. [redacted] said that this was the location that [redacted] did most of the [redacted] that [redacted] speaks about. [redacted] said that it began with [redacted] brushing up against [redacted] [redacted] body to [redacted] and progressed to roughhousing and horse play in the [redacted] area of the [redacted] [redacted] said that [redacted] would wink or smile at [redacted] and put or brush [redacted] hands against [redacted]. [redacted] said that during horseplay-rough house in the [redacted] eventually [redacted] restrained one of [redacted] arms behind [redacted] back and [redacted] explained that this progressed to [redacted] placing [redacted] hand [redacted]. [redacted] explained that [redacted] would guide [redacted] hand down to [redacted] and what [redacted] described as [redacted] putting [redacted]. [redacted] said that this progressed further on later occasions to [redacted] pushing [redacted] by the [redacted] in front of [redacted] while [redacted] removed [redacted] from [redacted] [redacted] said that [redacted] would then wait for [redacted] to put [redacted] and [redacted] on [redacted] said [redacted] just accepted this behavior from [redacted]. [redacted] described this as always ending with [redacted]. [redacted] said that [redacted] would try to [redacted] and did on occasion. [redacted] said that

other times [redacted] tried to pull away and [redacted] but [redacted] held [redacted] said that [redacted] always had a drink of some sort for [redacted] when [redacted] on [redacted]. These [redacted] incidents occurred in the same location inside the [redacted] of the [redacted] 2-3 times a week according to [redacted], until [redacted] turned [redacted] [redacted] indicated that the majority of these [redacted] encounters began with [redacted] initiating some sort of horseplay-rough housing and [redacted] restraining one of [redacted] arms behind [redacted] back. [redacted] said that [redacted] never said anything to [redacted], nor did [redacted] comment during these events. [redacted] explained that [redacted] knew this was wrong and "dirty" but that it made [redacted] feel special because of the attention, thrill and excitement. [redacted] did however indicate that this also made [redacted] feel like "shit" and used. [redacted] described [redacted] and that [redacted] skin has many freckles. [redacted] said that [redacted] never asked permission of [redacted] if [redacted] could do these things to [redacted] [redacted] just did it. [redacted] denied it at the time. [redacted] said that at one point in [redacted] late teens, [redacted] confronted [redacted] and told [redacted] to lie and deny that they had ever had any sort of [redacted] relationship or it would jeopardize [redacted] marriage.

At the conclusion of the interview with Neary, I swore [redacted] to the truthfulness of her recorded statement.

On 07162018, I attempted to obtain any Vermont Department of Motor Vehicles records pertaining to the issuance of [redacted] when [redacted] was [redacted]. I was unable to get these records. They are only retained back through 1999.

On 07162018, I obtained a copy of the Vermont Marriage License and Certificate issued on [redacted] to [redacted] DOB [redacted] and [redacted]. The certificate indicates that the two were married on [redacted] in the town of [redacted]

On 07162018, [redacted] left a certified copy of [redacted] high school transcripts for me at the Westminster Barracks. The transcripts indicated that [redacted] attended/completed driver's education during the fourth quarter of [redacted], in perpetration for obtaining [redacted] driver's license. Narrative:

On 8-22-18 at approximately 1538 hours I conducted a recorded interview with [redacted]. The narrative below is a synopsis of the interview. For the interview in its entirety please refer to the compact disc.

I first met [redacted] when [redacted] brought [redacted] to VSP Westminster for an interview also conducted on 8-22-18. There is a separate report on file for my interview with [redacted]. After that concluded it was decided that I would also interview [redacted] as [redacted] was friends with [redacted] for several years.

[redacted] stated that [redacted] was aware of an investigation related to [redacted] after law enforcement ([redacted] was not sure of the agency) interviewed [redacted] about 1 year ago. After this interview, [redacted] contacted [redacted] asking [redacted] why the police were interviewing [redacted] about [redacted] and [redacted] potential relationship. [redacted] told [redacted] that people were trying to ruin [redacted] reputation. When asked why [redacted] did not mention anything about it to [redacted] [redacted] recalled that [redacted] either referred to just not mentioning it, or possibly that [redacted] did not say anything because it was an active investigation.

[redacted] last spoke with [redacted] around May 2018 when [redacted] invited [redacted] to a Memorial Day party, which [redacted] declined. Within the last 2 weeks [redacted] got a note in [redacted] work mailbox from the [redacted] seeking a reference for [redacted] as an applicant for employment.

[redacted] told [redacted] that [redacted] was friends with [redacted] since the 1990s when [redacted] arrived as a PA and co-owner of [redacted], [redacted] was a [redacted] working for [redacted] at the time, which is how they met.

[redacted] could not recall any special interest [redacted] showed toward any of [redacted] three children, and had no concerns as a [redacted] regarding [redacted] behavior around the children. [redacted] described [redacted] as very bubbly, outgoing, affectionate and interested in people. He also recalled that [redacted] would sit on [redacted] lap but [redacted] never saw inappropriate touching. The only time he remembered [redacted] and [redacted] being alone was a golf outing, however we specified that this recollection came about when the family was discussing the investigation, not from [redacted] independent recollection. [redacted] described [redacted] as having the opposite personality than [redacted].

At the conclusion of this interview, [redacted] signed the sworn audio recorded statement form.

Narrative:

On 8-22-18 at approximately 1451 hours I conducted a recorded interview with [redacted]. The narrative below is a synopsis of the interview. For the interview in its entirety please refer to the compact disc.

[redacted] was aware of an investigation into [redacted] due to an interview [redacted] had with another police agency. [redacted] told me that prior to that interview, there was no thought in [redacted] heard of [redacted] for years before that.

[redacted] told me that [redacted] remembers [redacted] having an interest in [redacted], in that they were both the youngest children in their family. [redacted] remembered this as connection they had, and [redacted] remembers that [redacted] was more interest in [redacted] than [redacted], looking back. [redacted] stated that [redacted] trusted [redacted] because he was a [redacted].

[redacted] recalled going on one outing with [redacted] golfing in Bellow's Falls at age [redacted] [redacted] wanted to teach [redacted] how to play golf, and [redacted] was sure [redacted] knew what they were doing. [redacted] only remembered that [redacted] took a photo of [redacted] swinging a golf club, but that was [redacted] only memory of them being alone together.

[redacted] recalled that [redacted] had [redacted] own phone when [redacted] was in [redacted] grade [redacted] but does not think [redacted] and [redacted] communicated by texting. [redacted] described [redacted] first phone as a red Razor phone. [redacted] consented to me examining the contents of [redacted] phone, if [redacted] could find it at [redacted] home in [redacted]

I asked [redacted] if looking back, does [redacted] remember [redacted] doing anything that was not the right thing to do, and [redacted] said yes. [redacted] questioned why [redacted] was so interested in [redacted] looking back. [redacted] told me that [redacted] was at their house a lot and [redacted] sitting on his lap, but to [redacted] at the time it

was like sitting on [redacted] lap and he was really close to the family. [redacted] said that even back then [redacted] thinks [redacted] would not have let anything more happen, and [redacted] would have known what was right and what was too far.

I asked if [redacted] had "crush" feelings toward [redacted] or was in love with [redacted] and [redacted] said no, [redacted] was never attracted to [redacted] recalling that [redacted] eyes had something wrong with them, and they were red and needed treatment.

[redacted] recalled [redacted] being brought to [redacted] house in [redacted] and thought that may have been the first time [redacted] met [redacted] [redacted] remembers [redacted] being sweet and [redacted] liked [redacted]. [redacted] thought [redacted] was possibly around [redacted] years old when this happened. I asked if [redacted] remembered anything else about that visit, and [redacted] remembered talking to [redacted] about how he should have a baby with [redacted] [redacted] recalled no specific physical contact between [redacted] and [redacted] on that visit.

[redacted] recalled no secrets [redacted] asked [redacted] keep.

We then discussed who [redacted] close friends were in childhood. We also discussed [redacted] [redacted], and thought [redacted] would be willing to talk to with me. [redacted] told me that [redacted] always said [redacted] got a creepy vibe from [redacted]

At the conclusion of this interview, [redacted] signed the sworn statement form.
