RE: Notice of Data Security Incident

Sample A Sample:

I am writing to inform you that the Evening Post Industries has been the targeted victim of an email spoofing incident, and that the security of your personal information contained on an Internal Revenue Service (IRS) Tax Form W-2 may be at risk as a result of this incident. While we are unaware of any actual or attempted misuse of this information, we take this incident very seriously and are providing this notice to ensure that you are aware of the incident, so that you may take steps to protect your personal information should you feel it is appropriate to do so.

What Happened? On Friday, February 26, 2016, Evening Post Industries was the targeted victim of an email spoofing incident. Through this incident, a request was made for a summary of all 2015 employee W2 information – to include all affiliates. Unfortunately this information was provided before we discovered that the request was made from a fraudulent account, by an individual purporting to be John Barnwell.

What Information Was Involved? A summary of IRS Tax Form W-2 was sent in response to the fraudulent email. An IRS Tax Form W-2 includes the following categories of information: (1) the employee’s name; (2) the employee’s address; (3) the employee’s Social Security number; and, (4) the employee’s wage information.

What We Are Doing? We take this incident, and the security of your personal information, very seriously. Evening Post Industries has stringent security measures in place to protect the security of information in our possession, and, as a result of this incident, we are working to implement additional safeguards and provide additional mandatory training to our employees on safeguarding the privacy and security of information on our systems.

In addition to notifying individuals impacted by this incident, we notified our Board of Directors and our Division Heads of the attack. We have also notified our external auditors. We consulted with our cyber security advisors on how to best provide prompt notice of this incident, and helpful tools and information, to you. We will also be notifying law enforcement and certain state regulators about this incident.

Once your enrollment in ProtectMyID is complete, you should carefully review your credit report for inaccurate or suspicious items. If you have any questions about ProtectMyID, need help understanding something on your credit report or suspect that an item on your credit report may be fraudulent, please contact Experian's customer care team at 877-441-6943.

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports and explanation of benefits forms for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

At no charge, you can also have these credit bureaus place a "fraud alert" on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact any one of the agencies listed below.

You may also place a security freeze on your credit reports. A security freeze prohibits a credit bureau from releasing any information from a consumer's credit report without the consumer's written authorization. However, please be advised that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services. If you have been a victim of identity theft, and you provide the credit bureau with a valid police report, it cannot charge you to place, list or remove a security freeze. In all other cases, a credit bureau may charge you a fee to place, temporarily lift, or permanently remove a security freeze. You will need to place a security freeze separately with each of the three major credit bureaus listed above if you wish to place a freeze on all of your credit files. To find out more on how to place a security freeze, you can use the following contact information:
