

Memo

To: Manufacturers of Prescribed Products

From: Wendy Morgan, Chief of the Public Protection Division
Kate Whelley McCabe, Assistant Attorney General
Vermont Office of the Attorney General

Date: March 21, 2012

Subject: New Website for Finding Vermont HCP License Numbers

The Vermont Department of Health has upgraded its website. As a result, you may now find the license numbers for physicians, physician and anesthesiologist assistants, podiatrists, and physicians who hold limited temporary permits at:

<https://webmail.vdh.state.vt.us/CAVU/Lookup/LicenseLookup.aspx>

While the link directly accessible from the Office's webpage has been updated to reflect this change, be aware that the Office's published guidance documents still contain the old, inoperable, link. The Office expects to publish a revised 2012 Guide that reflects this, and other minor clarifications, sometime in April.

Thank You.
