NOTICE OF <<Variable Header>>

Dear <<Name 1>>:

American Trading and Production Corporation (“ATAPCO”) is writing to inform you of a data event that may involve some of your information. Although we have no evidence of identity theft or fraud occurring as a result of this event, this letter provides details of the event, our response to it, and resources available to you to help protect your information, should you feel it is appropriate to do so.

What Happened? Between May 4, 2022, and May 5, 2022, ATAPCO became aware of operational issues with its servers and learned of suspicious activity in another part of the organization. On or about May 12, 2022, ATAPCO became aware of further suspicious activity on its computer network. ATAPCO immediately launched an investigation and determined that certain workstations and systems had been infected with malware, which prevented access to certain files on the system. ATAPCO worked with third-party forensic specialists to investigate the nature and scope of the activity.

Through our investigation, we determined that, between February 17, 2022, and May 5, 2022, an unauthorized actor may have had access to certain systems that stored personal information and took some information from our systems. In an abundance of caution, ATAPCO undertook a comprehensive and time-intensive review of the involved files with the assistance of third-party data review specialists to determine if they contain sensitive information. Following the review, ATAPCO worked diligently to conduct additional manual review of our internal files to confirm the identities of impacted individuals and to locate the address information to be able to provide this notice. This review, which was completed on September 8, 2023, determined your information was present in the involved files.

What Information Was Involved? Our investigation determined the following types of your information may have been impacted by this incident: your name, and <<Breached Elements>>. At this time, we have no indication that your information was subject to actual misuse as a result of this incident.

What We Are Doing. We take this event and the security of personal information in our care very seriously. Upon learning of the activity, ATAPCO promptly took steps to ensure the security of our systems and investigate the event. We also reported the incident to law enforcement. As part of our ongoing commitment to the privacy of information in our care, we are implementing additional technical security measures to strengthen the security of our systems. We are also reviewing and enhancing our existing data privacy policies and procedures. We are notifying state regulators, as necessary.

As an added precaution, we are also offering twenty-four (24) months of complimentary access to credit monitoring services through Equifax. Individuals who wish to receive these services must enroll by following the attached enrollment instructions.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity. You may also review the information contained in the attached *Steps You Can Take to Help Protect Personal Information*. There you will also find more information on the complimentary credit monitoring services we are making available to you. While ATAPCO will cover the cost of these services, you will need to enroll yourself in the services we are offering, if you would like to do so.

For More Information. We understand that you may have questions about this incident that are not addressed in this letter. If you have additional questions, please call our dedicated assistance line at 855-457-5864 between the hours of 9:00 a.m. and 9:00 p.m., Monday – Friday Eastern Standard Time. ¹WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded. ²The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC. ³Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com ⁴The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one (1) year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. date of birth;
4. addresses for the prior two to five years;
5. proof of current address, such as a current utility bill or telephone bill;
6. a legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:
