Subject: Notice of Data <<Variable Data 1>>

Dear <<Full Name>>,

The purpose of this letter is to notify you of a recent data security incident experienced by Judge Baker Children’s Center dba The Baker Center for Children and Families (“The Baker Center”), which may have affected your personal and/or protected health information. The Baker Center takes this incident seriously and is providing you with information about the incident, our response, and steps you can take to help protect your information.

**What Happened?** On July 28, 2024, we discovered unusual activity within our local digital storage environment at The Baker Center. After taking immediate steps to ensure our environment was secure, we enlisted independent cybersecurity experts to conduct an investigation to determine what happened and whether sensitive information may have been impacted. According to the investigation, an unauthorized actor gained access to our systems between July 26 - 28, 2024 and may have downloaded certain files. We immediately began a thorough review of the impacted files to determine whether any personal or protected health information was involved. That review concluded on October 28, 2024 and determined that your information was potentially impacted during the incident, which is the reason for this notification.

**What Information Was Involved?** The information that may have been impacted in connection with this incident includes your name as well as your <<Breached Elements>>. Please note that The Baker Center has no evidence that any of this information has been misused.

**What Are We Doing?** As soon as The Baker Center learned of the incident, we took the measures described above and implemented additional security features to reduce the risk of a similar incident occurring in the future. We also notified the Federal Bureau of Investigation and will provide whatever cooperation is necessary to assist in law enforcement’s investigation.

As an additional resource to help protect your information, The Baker Center is offering you complimentary access to Experian IdentityWorks<sup>SM</sup> for 24 months. ## Steps You Can Take to Help Protect Your Personal Information

**Review Your Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the “FTC”).

**Copy of Credit Report:** You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting [www.annualcreditreport.com](http://www.annualcreditreport.com), calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

**Equifax**

P.O. Box 105851  
Atlanta, GA 30348  
1-800-525-6285  
[www.equifax.com](http://www.equifax.com)

**Experian**

P.O. Box 9532  
Allen, TX 75013

[www.experian.com](http://www.experian.com)

**TransUnion**

P.O. Box 2000  
Chester, PA 19016  
1-800-916-8800  
[www.transunion.com](http://www.transunion.com)

**Fraud Alert:** You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at [www.annualcreditreport.com](http://www.annualcreditreport.com).

**Security Freeze:** You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

**Additional Free Resources:** You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
