**Re: NOTICE OF DATA BREACH**

Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

Squishable.com, Inc. (“Squishable”) is committed to the privacy of individuals and takes the protection of personal information that is entrusted to us seriously. Unfortunately, we are writing to make you aware of a recent data security incident that may have involved some of your personal information.

**What Happened?** On October 12, 2022, Squishable learned that its website contained code that Squishable had not approved. Upon identifying the issue, Squishable immediately launched an internal investigation and then enlisted the help of an outside third-party forensic firm to conduct a further investigation. The investigation determined that the code allowed a third party to view and potentially capture information that was entered on our checkout page as customers made purchases on the website between May 26 and October 12, 2022.

**What Information Was Involved?** Based on our investigation, information entered into the website’s checkout page including your name, address, payment card information, and email address.

**What We Are Doing.** Upon learning of the situation, Squishable immediately launched an internal investigation and worked to remove the code from our website. We then engaged an external third-party forensic firm to investigate the incident and notified law enforcement. We are also working with the credit card brands to address the issue. Finally, we have updated our website’s infrastructure to reduce the likelihood of this type of incident occurring in the future.

**What You Can Do.** It is generally recommended that you review your credit card statements and financial accounts for unauthorized activity. We also encourage you to review the information on steps you can take to protect yourself against possible identity theft or fraud, which is included in the enclosed *Additional Important Information* sheet.

**For More Information.** For further information and assistance, please call [1-800-888-8888](tel:1-800-888-8888) from 9:00 a.m. to 6:30 p.m. Eastern Time, Monday through Friday, excluding major U.S. holidays.

We value the trust you place in us to protect your privacy and take our responsibility to safeguard your personal information seriously. We apologize for any inconvenience this incident might cause.

Sincerely,

Aaron Glazer, CEO

### Additional Important Information

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

**Credit Reports:** You may obtain a free copy of your credit report once every 12 months from each of the three national credit reporting agencies by visiting [www.annualcreditreport.com](http://www.annualcreditreport.com), by calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. **Fraud Alerts:** You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at [www.annualcreditreport.com](http://www.annualcreditreport.com).

**Credit and Security Freezes:** You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze can be placed without any charge and is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:
