

Name: James [REDACTED]  
School: Eden Central School  
Grade: [REDACTED]  
Teacher: [REDACTED]

I like Earth!

I like the Earth because the Earth helps with lots of things like aloe vera heals burns, trees give air and paper, mud helps skin like a mud bath. and nature is BEAUTIFUL. I like nature and it runs in my family. Nature is a good thing so STOP NATURE HATE! STOP forest fires! STOP pollution. Things like forest fires and pollution need to STOP! Because all they do is Hurt our Planet. Compost we should compost because it helps the environment. We should also pick up trash and plastic in the Ocean. STOP killing trees. STOP NATURE HATE!
