Notice Regarding Data Security

Dear <<Name 1>> <<Name 2>>:

The confidentiality, privacy, and security of information within D'Youville University's care is among our highest priorities. However, all organizations are facing a growing number of data security issues in recent years and we are writing to notify you of an incident that may have impacted the privacy of some of your personal information that was collected in your capacity as a student.

What Happened? On February 8, 2023, DYU discovered suspicious activity in our network. We immediately took steps to secure our systems and initiated an investigation into the nature and scope of the event with the assistance of third-party forensic specialists. The investigation determined that certain files were acquired by an unknown actor while on DYU's network on February 8, 2023. In response, we undertook a thorough review of the data stored within these files to determine the type of information contained therein and to whom that information relates to. We completed our review on April 14, 2023 and confirmed that one of the files contained sensitive information related to you.

What Information Was Involved? The information that may have been impacted by this event includes your full name and Social Security number. It is important to note that at this time we are not aware of any misuse of your personal information.

What We Are Doing. The confidentiality, privacy, and security of information within our care is among our highest priorities. Upon learning of the event, we took steps to improve our security to better protect against similar incidents from occurring in the future. These steps include, but are not limited to, deployment of an Endpoint Detection and Response (EDR) and Managed Extended Detection and Response (MXDR) tool on our systems, upgrades to our security hardware, further network hardening and inspection policies and technologies, and revisions to our internal policies regarding the receipt of sensitive data.

As a precaution, we are offering you access to credit monitoring and identity theft protection services for twelve (12) months through Experian at no cost to you. The deadline to enroll in these services is **August 31, 2023**. Please note that you will not be automatically enrolled. Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you may need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:
