Hello,

On June 15th a person I do not know was taking pictures of my home and property from their BMW. When I approached the vehicle to ask them why they were taking pictures, they sped off down my road. They were driving erratically and acting suspicious.

For the next hour or so, they drove up and down my street in a dangerous manner. When I was able to get their license plate, I called it in to 911.

I would like this record information because I do not know who the driver was and both police officers I spoke to suggested I take this course of action for my own personal records of the incident.

Thank you,  
Jennifer
