Description of the marketing and pricing plans used in the launch of Lunsumio 1mg/1mL Vial and 30mg/30mL Vial in the United States and internationally:

Marketing activities that support the launch of a new medicine are designed to raise awareness and understanding with healthcare providers and - in some cases - patients about the approved indication(s), efficacy and safety data contained within the medicine's FDA approved label. We take decisions related to the prices of our medicines very seriously. When determining pricing, we consider a number of factors including: how well the medicine works and how it compares to other available treatments; the financial resources required to continue discovering new medicines for people with serious diseases; and how to ensure that the price doesn't prevent our medicines getting to people who need them.

Lunsumio 1mg/1mL Vial and 30mg/30mL Vial was granted breakthrough designation or priority review.

The estimated volume of patients who may be prescribed of Lunsumio 1mg/1mL Vial and 30mg/30mL Vial:

Genentech does not publicly disclose the estimated volume of patients who may be prescribed Lunsumio 1 mg/mL Vial and 30 mg/30 mL Vial

The date and price of acquisition if the drug was not developed by the manufacturer:

Lunsumio 1 mg/1 mL Vial and 30 mg/30 mL Vial was developed by Genentech USA Inc. and was not acquired from a third party.
