NOTICE OF <<DATA EVENT / DATA BREACH>>

Dear <<Name 1>>:

La Red Health Center (“La Red”) is writing to inform you of a data security incident that may have impacted some of the information stored within its computer environment. La Red takes this issue seriously and is providing you with information about the event and steps you may take to help protect your personal information, should you feel it is appropriate to do so.

What Happened? On April 11, 2023, La Red initially discovered suspicious activity within its computer environment. La Red promptly took steps to secure our systems, and with the assistance of third-party forensic specialists, conducted an investigation to confirm the nature and scope of the incident. Through the investigation, La Red identified unauthorized access within its environment between March 27, 2023 and April 6, 2023. We undertook a thorough review of the potentially affected files to determine whether any potentially sensitive information was present within them. On August 21, 2023, La Red confirmed the population of individuals whose information was included in the affected files. La Red then worked to identify the address information for these individuals. Although there is no indication of any misuse of your personal information as a result of this event, out of an abundance of caution, we are providing notice to individuals who may have been impacted.

What Information Was Involved? Your name, <<Breached Elements>> were present in the impacted files. We have no evidence that any of your information was used for identity theft or fraud.

What Is La Red Doing? La Red takes this incident and the obligation to safeguard the information in our care very seriously. After discovering the incident, La Red promptly took steps to confirm its system security, and engaged with a third-party forensic specialist to assist in conducting a comprehensive investigation.

What You Can Do? We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors over the next 12 to 24 months. Please see the attached *Steps You Can Take to Help Protect Personal Information* for additional steps to protect your information.

For More Information. If you have additional questions or concerns, please feel free to call us at 888-562-4117. We are available Monday through Friday, 9:00 a.m. to 9:00 p.m. Eastern Time. You may also write to La Red at 21444 Carmean Way, Georgetown, DE 19947.

Sincerely,
La Red Health Center

STEPS YOU CAN TAKE TO HELP PROTECT PERSONAL INFORMATION

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:

Additional Information

Consumers may further educate themselves regarding identity theft, fraud alerts, credit freezes, and the steps they can take to protect your personal information by contacting the consumer reporting bureaus, the Federal Trade Commission, or their state Attorney General. The Federal Trade Commission may be reached at: 600 Pennsylvania Avenue NW, Washington, D.C. 20580; www.identitytheft.gov; 1-877-ID-THEFT (1-877-438-4338); and TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. Consumers can obtain further information on how to file such a complaint by way of the contact information listed above. Consumers have the right to file a police report if they ever experience identity theft or fraud. Please note that in order to

file a report with law enforcement for identity theft, consumers will likely need to provide some proof that they have been a victim. Instances of known or suspected identity theft should also be reported promptly to law enforcement and the relevant state Attorney General. This notice has not been delayed by law enforcement.
