**NOTICE OF [Extra1]**

Dear Sample A. Sample:

The Burton Corporation (“Burton”) writes to inform you of an incident that may affect the security of some of your information. This notice provides information about the incident, our response, and resources available to you to help protect your information from possible misuse, should you feel it necessary to do so.

**What Happened?** On February 11, 2023, Burton discovered suspicious activity impacting the operability of certain systems. We quickly launched an investigation to determine the nature and scope of the activity, working with industry-leading computer forensics specialists to determine what happened and what information may have been affected. The investigation identified a limited number of files and folders as potentially accessed or taken by an unknown actor. We commenced a thorough review to determine whether sensitive information was present in the impacted files and folders. On October 13, 2023, it was determined that some of your information was present in the files and folders that may have been accessed or taken. We then commenced an advanced address lookup service in order to identify the most recent contact information for affected individuals.

**What Information Was Involved?** Burton is notifying you out of an abundance of caution because information related to you was identified in the files that were potentially accessed or taken by an unknown actor. The information related to you that was potentially accessible may include your [Extra2] and name. To date, Burton has not received any reports of actual or attempted misuse of your information.

**What We Are Doing.** We take this incident and the security of personal information in our care seriously. Upon learning of this incident, we moved quickly to investigate and respond to the incident, assess the security of relevant systems, and reset relevant account passwords. We also reviewed the contents of the impacted systems to determine whether they contained personal information, reviewed internal systems to identify contact information for purposes of providing notice to potentially affected individuals, and notified potentially affected individuals. As part of our ongoing commitment to the security of information, we are also reviewing existing policies and procedures to reduce the likelihood of a similar future incident. Burton also notified relevant state regulators, as required. Finally, we reported this incident to law enforcement, and will participate with any criminal investigation into this matter.

As an added precaution, we are also offering complimentary access to Experian’s® IdentityWorks<sup>SM</sup> for ## months. These services include identity theft detection and resolution services.

**What You Can Do.** We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors. You may also review the information contained in the attached *Steps You Can Take to Help Protect Personal Information*. There, you will also find more information on the identity theft detection and resolution services we are making available to you, and how to enroll.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:
