NOTICE OF DATA INCIDENT

Dear [REDACTED],

HL Choice Corporation, d/b/a SUN SCC, provides certain business support services to several companies, including Sun Taiyang Co., Ltd. We are writing to you on behalf of Sun Taiyang Co., Ltd. to inform you about a cybersecurity incident that involved your personal information. We want to provide you with information about the incident, outline the ongoing resources that are available to you, including complimentary identity theft protection and credit monitoring services, and assure you that significant measures to protect your information have been undertaken.

What Happened

On June 14, 2023, we detected unauthorized access to our network as a result of a cybersecurity incident that resulted in the exposure of the data we maintain.

What We Are Doing

Upon learning of the incident, we immediately took steps to secure our network and mitigate against any additional harm. We promptly launched an investigation assisted by outside cybersecurity experts to determine whether any sensitive data had been compromised as a result of the incident. Our investigatory team learned in late July that the unauthorized individual(s) removed certain files from a limited portion of our network in and around April 2023. After several months of extensive efforts to obtain, review, and analyze the impacted data, on or about December 26, 2023, we determined that your records are among those that were accessed without authorization.

While cybersecurity threats continue to impact all of us, we are taking ever-increasing measures to protect the information entrusted to us. We continually evaluate and modify our practices and internal controls to enhance the security and privacy of your personal information. In response to this incident and through our continuing comprehensive review, we have strengthened our network and implemented additional security improvements recommended by third-party cyber security experts.

What Information Was Involved

The impacted files contained some of your personal information including [REDACTED].

What You Can Do

To date, we are not aware of any reports of identity fraud or improper use of your personal information as a result of this incident. Nevertheless, out of an abundance of caution, we want to make you aware of the incident and provide resources you can use to protect yourself from the possibility of identity theft. We are providing you with access to Triple Bureau Credit Monitoring services at no charge through IDX, a company specializing in fraud assistance and remediation services.

These services include 2 years of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed ID theft recovery services. Finally, we are providing you with proactive fraud assistance through IDX to help with any questions that you might have or in the event that you become a victim of fraud.

This letter also provides information about other precautionary measures you can take to protect your personal information, including placing a fraud alert and security freeze on your credit files, and obtaining a free credit report. Additionally, you should remain vigilant and regularly monitor your financial account statements and credit reports for fraudulent or irregular activity that you did not initiate or authorize.

How do I enroll for the free services?

To enroll in Credit Monitoring services at no charge, please follow the detailed instructions on the following pages. You will need to reference the enrollment code at the top of this letter when enrolling online, so please do not discard this letter. The enrollment requires an internet connection and e-mail account and may not be available to minors under the age of 18 years of age. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity. Enrolling in the services will not hurt your credit score.

For More Information

If you have questions, need assistance or additional information, please contact our dedicated and confidential call center at 1-888-██████████ or visit <https://██████████>. The response line is available between the hours of 9:00 a.m. to 9:00 p.m. Eastern time, Monday through Friday, excluding holidays. We apologize for any inconvenience or concern this may cause. We are committed to maintaining the confidentiality and privacy of personal information in our possession and will continue to take precautions to safeguard it.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of these service offerings.

Sincerely,

SUN SCC

Recommended Steps to help Protect your Information

1. Website and Enrollment. Scan the QR image or go to [https://\[REDACTED\]](https://[REDACTED]) and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-888-[REDACTED] to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You should report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need

to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about fraud alerts and security freezes form the credit bureaus listed above and the Federal Trade Commission.

8. You can obtain additional information about the steps you can take to avoid identity theft from the three Credit Bureaus listed above and the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
