Notice of Data Security Incident

Dear <<First Name>> <<Last Name>>,

Tyler Technologies is writing to inform you of a data security incident that may have impacted a limited amount of your personal information. Tyler Technologies provides Enterprise Resource Planning (“ERP”) software to Richland County School District One, Columbia, South Carolina (“Richland School District”) for personnel and payroll management and recently discovered an error that may have allowed an employee other than you, or in the case you are a dependent of a Richland School District employee, an employee other than your spouse or parent, to view some of your personal information. We take the privacy and security of all information seriously, and sincerely apologize for any concern or inconvenience this may cause you.

What Happened?

On November 29, 2023, Tyler Technologies received a notification from Richland School District that an employee using the Employee Self-Service module of the ERP software was able to view Form 1095-C for another employee. Upon notification, Tyler immediately took the ERP (MUNIS) Employee Self-Service offline for users. Tyler Technologies launched an investigation to understand what occurred and what data may have been at risk. The investigation identified an error in the software which allowed some Form 1095-C records to be assigned to two different employees. This error allowed employees to access their Form 1095-C and could permit them to view another employee’s Form 1095-C.

What Information Was Involved?

Impacted information may include your name, address, age, and Social Security number.

What We Are Doing:

Tyler Technologies immediately took steps to investigate the issue and remediated the error on December 5, 2023. Although we do not believe there is any risk that your information will be misused, we are offering you identity theft protection services through IDX, A ZeroFox Company, the data breach and recovery services expert. IDX identity protection services include: 12 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What You Can Do:

It is always a good idea to remain vigilant for incident of identity theft or fraud, and to review your bank account and other financial statements as well as your credit reports for suspicious activity.

We encourage you to contact IDX with any questions and to enroll in the free identity protection services by calling 1-800-939-4170 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is May 29, 2024. You will find detailed instructions for enrollment and more information on steps you can take to protect your identity on the enclosed Recommended Steps document.

Again, at this time, there is no indication that your information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information.

For More Information:

If you have questions regarding this incident, please email privacystatement@tylertech.com. Protecting your information is important to us, and we deeply regret any inconvenience or concern this incident may cause you.

Sincerely,

Andrea Fravert
Vice President, Data Privacy Officer
Tyler Technologies, Inc.

Recommended Steps to help Protect your Information

1. Website and Enrollment. Scan the QR image or go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-800-939-4170 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need

to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
