Subject: RE: Public Records Request

Hello again,

Here is our response. We have searched our files but unfortunately our office does not have responsive records. Data breach records were transferred to an electronic online system starting in 2022. Pre-2022 records were not transferred to that online system, and are not maintained by this office.

I am sorry we could not help further, but please feel free to contact me with any questions.

Thank you,
Justin
