**RE: Important Security Notification. Please read this entire letter.**

Dear Sample A. Sample:

We are writing to inform you about a potential data security incident that has occurred within our organization. We want to provide you with information about the incident, steps we are taking in response, and steps you may take to guard against identity theft and fraud should you feel it is appropriate to do so. Although we are unaware of any actual misuse of your data, we are providing you notice about the incident and about the tools that we are offering or that are otherwise available to protect you.

**What Happened?** On July 22, 2024, SeneGence experienced a cybersecurity incident involving an unknown threat actor who inserted a false checkout page into our e-commerce platform. This malicious page potentially allowed the threat actor to access personal information of consumers attempting to make purchases during the time the code was active. Upon discovering the incident on July 25, our team responded swiftly to secure the environment. By July 27, 2024, SeneGence had successfully remediated the threat and ensured the security of our platform.

**What Information Was Involved?** We have conducted a thorough investigation to determine what personal information may have been impacted. While we are presently not aware of any misuse of your data, the following personal information may have potentially been affected:

- Full Name
- Address
- Phone Number
- Credit Card Information

**What Are We Doing?** We understand that this may be concerning to you and we apologize for any inconvenience this may have caused. We want to assure you that we are taking steps to safeguard your personal information and to prevent any further incidents. To help ensure similar incidents do not happen again, SeneGence has fully remediated the vulnerability and implemented additional security measures to protect our systems, block malicious activities, and respond rapidly to emerging threats.

To help protect your identity, we are offering complimentary access to Experian IdentityWorks<sup>SM</sup> for twenty-four (24) months.
