Re: Solera Holdings, Inc. - Public Records Request

In the Spring of 2017, your office was notified by either Ogletree Deakins or Norton Rose Fulbright, law firms representing Solera Holdings, Inc. and its affiliated companies (hereinafter Solera), that a data security incident had resulted in the release of personal identification information consisting of name, wage, deduction information and social security numbers of its present and former employees. As a result of the data security incident, our law firm filed a lawsuit seeking damages and equitable relief for our client and a class of present and former employees of Solera. A copy of the complaint is attached for your reference.

Pursuant to your state Public Records law, 1 V.S.A. § 315, we seek all correspondence and other information provided by Solera in connection with the above referenced data security incident. We agree to pay any necessary costs required to be paid in response to our request. Please provide us with contact information so that we can arrange for any required payment.

Very truly yours,

John A. Yanchunis
