

CONFIDENTIAL

NOTIFICATION PURSUANT TO

18 V.S.A. § 4637(c)

Subject: Notification Pursuant to 18 V.S.A. § 4637(c)

To the Office of the Attorney General of Vermont:

On December 11, 2018, Genentech USA, Inc. ("Genentech") notified the Office of the Attorney General of Vermont of a new prescription drug (Xolair Prefilled Syringe), pursuant to § 4637(b). Genentech hereby notifies the Attorney General of Vermont of the following additional information, pursuant to § 4637(c):

Name of New Prescription Drug	NDC Number	Date of Commercial Availability	WAC (Wholesale Acquisition Cost) (As of the Date of Commercial Availability)
Xolair 75mg Prefilled Syringe	50242-0214-01	December 11, 2018	\$542.33
Xolair 150mg Prefilled Syringe	50242-0215-01	December 11, 2018	\$1084.66

Description of the marketing and pricing plans used in the launch of Xolair Prefilled Syringe in the United States and internationally:

Marketing activities that support the launch of a new medicine are designed to raise awareness and understanding with healthcare providers and - in some cases - patients about the approved indication(s), efficacy and safety data contained within the medicine's FDA approved label.

We take decisions related to the prices of our medicines very seriously. When determining pricing, we consider a number of factors including: how well the medicine works and how it compares to other available treatments; the financial resources required to continue discovering new medicines for people with serious diseases; and how to ensure that the price doesn't prevent our medicines getting to people who need them.

Xolair Prefilled Syringe was not granted breakthrough therapy designation or priority review by the FDA prior to final approval.

The estimated volume of patients who may be prescribed Xolair Prefilled Syringe:

Genentech does not publicly disclose the estimated volume of patients who may be prescribed Xolair Prefilled Syringe.

The date and price of acquisition if the drug was not developed by the manufacturer:

Xolair Prefilled Syringe was co-developed, and is co-promoted, by Genentech and another company. Xolair Prefilled Syringe was not acquired from a third party.

Sincerely,

Maria Aquilina
Director, Government Programs
Genentech USA, Inc.
