Subject: Public Records Request
Date: Monday, October 7, 2019 7:03:31 PM

To whom it may concern:

This is a request under the Vermont Public Records Law. I am requesting that I be provided a copy of the following records.

My name is Kaylee Friedman and I am doing research on behalf of Austin Harris JD, PhD. We are seeking to compare the different techniques used in laboratories across the United States as they pertain to the [analysis of methamphetamine](#). We are specifically interested in the methods used to determine the chirality of samples that are taken from the field. I would like to obtain a copy of the published laboratory procedures used by the state of Vermont.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$100. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest. This information is not being sought for commercial purposes.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you in advance for considering my request.
