3/31/2020	Mar 30, 2020 - received 5 "Vehicle Warranty" calls. Call #2 - bothered me the most when the woman called me by my first & last name and stated what I specifically drove. She stated dealers were charging \$200/hr. Call #6 came in today @ 145p. My home phone # has been listed on the Do Not Call list numerous times. What else can I do to get these people off my back? I realize there are more important issues at this time but if you find a spare minute I would appreciate your thoughts. Many thanks! 3/30/2020	This is to follow up on our phone conversations in the past week. Although we are on the "Do not call" list, we have been bombarded with telephone calls from "Google", threatening to remove our business from their listing. Since we have never requested a Google listing, we are happy to have this happen. However, calls have continued to come, often as many as a dozen a day. Vance has hung up dozens of times, but has also often stayed on the line to "speak to someone who can help". He requests that the calls stop. A week ago, the person he spoke to said it would "cost \$199 to remove his business from the listing". He hung up and called the Attorney General's office to see if there is anything that can be done to stop these constant calls. Since we do not have caller ID, it is not possible to know if the calls come from the same number. We would like to file this complaint in an effort to get calls stopped. 3/10/2020	Around noon on March 10th I received a phone call from 802-409-2191 purportedly alerting me to expiring auto warrantees. 2/19/2020	I filed a complaint with the FCC on 2/18/2020 regarding numerous unwanted phone calls from 201-582-0459, starting 2/3/2020. I continue to receive them, the latest one today, 2/19/2020, at 9:40 a.m. I called them 2/18/2020 and requested they do NOT call me again. My landline is registered on the national Do Not Call Registry. I checked their number on the internet and it is a car warranty scam. They never leave a message; the phone rings, if not answered, they hang up as soon as voice mail message is heard. If you have information on how to file a lawsuit, let me know.
