REQUEST UNDER VERMONT PUBLIC RECORDS ACT

February 22, 2021

Vermont Attorney General's Office
109 State Street
Montpelier, VT 05609-1001

Re: Ozone NAAQS Agreement

Dear Sir or Madam:

On behalf of Energy Policy Advocates (EPA), recognized by the Internal Revenue Service as a non-profit public policy institute under § 501(c)(3) of the Internal Revenue Code, and pursuant to the Vermont Public Records Act, 1 V.S.A. §§315-320, please provide copies of any common interest agreement, confidentiality agreement, information sharing agreement, and/or non-disclosure agreement related to Ozone NAAQS entered into by the Vermont Attorney's General Office at any time in July, August, or September 2020.

We understand that in some instances a public body may charge a fee for the cost of the search, examination, review, copying, separation of confidential from nonconfidential information, and mailing costs. If your Office expects to seek a charge associated with the searching, copying or production of these records, please provide an estimate of anticipated costs.

As noted earlier in this request, EPA is a non-profit public policy organization dedicated to informing the public of developments in the area of energy and environmental issues and relationships between governmental and non-governmental entities as they relate to those issues. EPA's ability to obtain fee waivers is essential to this work. EPA intends to use any responsive

information to continue its work highlighting the nexus between interested non-governmental entities and government agency decision-making. The public is both interested in and entitled to know how regulatory, policy and enforcement decisions are reached. EPA ensures the public is made aware of its work and findings via media, its website epadvocates.org, its partnership with the non-profit public interest law firm Government Accountability & Oversight, P.C., and its counsel GAO's ClimateLitigationWatch.org project dedicated to broadly disseminating energy and environmental policy news and developments. The public information obtained by EPA have been relied upon by established media outlets, including the Washington Times and Wall Street Journal editorial page.¹

We look forward to your response. If you have any questions, do not hesitate to contact me by email at ncornettlaw@gmail.com.

Sincerely,
Neal Cornett
Attorney at Law
