Good afternoon,

Under the Vermont Public Records Law, §315 et seq., I am requesting an opportunity to inspect or obtain copies of public records which offer a breakdown of all spending dedicated to investigating and prosecuting voter fraud in Vermont, from Jan. 1, 2016 to present. I am also looking for information about the number and type of convictions that such investigations have led to in that same time period.

If there are any fees for searching or copying these records, please let me know. However, I would like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute to the public's understanding of election administration. I am a student at the University of Pennsylvania working for Votebeat, a nonprofit newsroom covering election administration across the United States. This information is not being sought for commercial purposes; it is intended for use by journalists at Votebeat.

Please respond to this request in a reasonable time period. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies or the ability to inspect the requested records.

I ask that records available in electronic format be sent by email to

[REDACTED]

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,
Katie Steele
