**Please describe the records you are requesting and provide as much specificity as possible, including applicable date ranges.**

1. "Average Length of Stay" of a violation: Normally, I am used to seeing lack residency affect an inmate's release date, and "average length of stay" accordingly.

Violations, specifically due to relapse or lack of residency would help even more. Annually, (by calendar year) would be great. Median would work, but I prefer to eliminate outliers myself. Mean may be deceptive with incomplete data.

2. "Number of violations of conditions/probation per year"

Again, violations specifically due to relapse or lack of residency would help even more.

3. Funding allocated/spent to house inmates in recovery homes and maintain residency.

This Stat is normally represented by checks up to \$1,000 from probation and parole for an original payment to a recovery home, or if the client (offender) gets behind and needs "rent" for a couple weeks.

**Please take note of the following disclaimer:**

1. This public records request, including any associated correspondence, will be considered a public record in its entirety. As such, it will be made available to any member of the public upon request.
2. Do not include any sensitive information, such as medical information, financial account numbers, or Social Security

numbers. The AGO will contact you if additional information is required.

3. Submission of this form does not constitute receipt of it by the AGO. Your public records request will be considered received on the next business day following its submission.
