

# Earth day

Do you know what earth day is? If not then I can tell you everything about it . So let's dive in and learn about earth day . Earth day was Founded in1970 . Earth day on earth day people pick up trash and learn about the earth.

## Earth day at school

Earth day at school is super fun . Most of the time you get activities and much more . Like some times schools give you a trash bag and gloves to pick up trash fun! Another fun activity you can do at school is a scavenger hunt you get a paper and then you find stuff the paper says and when you find it you cross it off . Earth day is fun at school too .

## Earth day at home

At home earth day can be fun at home to another part of earth day is playing outside. Playing outside is super fun one of my favorite actives is archery or riding a bike. At home you can also pick up trash to.
