**Subject:** RE: records request; re: Annette M. Lynch, M.D.

Dr. Lynch:

I am writing to close the loop related to your recent public records request. No additional responsive records have been located after AGO staff searches of the Vermont State Archives and Records Administration (“VSARA”) records system, our internal records tracking materials, our case management database, and our records storage areas in the Montpelier office. As a result, I have concluded that no further records exist at the AGO as identified by name in your request or by any other name known to me.

Once again, for any records in the possession of the Vermont Board of Medical Practice (“BMP”) related to this case, you would need to reach out to the Department of Health as identified below or directly to the BMP itself. The BMP would be the custodian of any such records.

Thank you.

Jacob A. Humbert, Assistant Attorney General  
Director, Administrative Law Unit  
Vermont Attorney General’s Office
