Lauren,

Thank you for your avoidance letter. Thank you for confirming that the "State of Vermont, Inc.", and the "Town of Leicester, Inc.", has no lawful jurisdiction to tax my allodially owned land and improvements, has no superior title or ownership interest that lawfully enables my allodially owned land and improvements to be lawfully taxed by you, and therefore, has no authority to tax my allodially owned land and improvements with what you call "property taxes". You, and the Town of Leicester's "attorney, Jim Carroll (his avoidance letter attached), have managed to deflect all responsibility for your crimes of extortion, racketeering, fraud, unlawful conversion, depriving me of my Constitutional rights using color of law, among other crimes, that you routinely commit against free, private Vermonters.

You recommend that I obtain an "attorney". Jim Carroll recommends that I obtain an "attorney". I am not a ward of the state, a "US CITIZEN" or "US Citizen", or a legal fiction, or lost at sea, or a pauper, etc., but a free Vermonter of the Land and soil jurisdiction, an American State National. I can represent myself. I am due the application of Natural Law, from which comes Common Law, from which comes Constitutional Law (of the first Continental land and soil Constitution). I am aware that the only way that you can support the fiction, that you have the authority to tax my land, is by using fraudulent, null-and-void-from-inception administrative/statutory/admiralty/maritime/territorial/municipal/commercial/corporate policy/contract "law", which is no law at all, other than to apply it to your corporate employees and fraudulently assumed "subjects"; until those "subjects wake up and realize that we have been lied to and abused by your corporations. Your only hope is that I take the "bait" and obtain a Vermont BAR "attorney" who you hope will direct me into relinquishing my God-given Constitutional rights to the jurisdiction of your commercial administrative statutory "law" by way of BAR deception, manipulation, fraud, and treason against the born-free private People of Vermont.

I NEVER knowingly contracted with the State of Vermont, Inc. or the Town of Leicester, Inc. making me responsible or liable to pay your fraudulent corporate tax on my allodially owned land and improvements.

I NEVER knowingly relinquished my God-given rights to your administrative/corporate/commercial/statutory jurisdiction.

I NEVER knowingly volunteered to pay "property taxes" on for my allodially owned land and improvements. To make it very clear, I am NOT a "taxpayer", and I DO NOT CONSENT to ever being unlawfully and fraudulently taxed, in any way.

You have refused to provide proof of your claimed lawful jurisdiction over me and my land.

You have refused to provide proof of your claimed superior title or ownership of my land.

You have refused to provide documents proving your claimed authority to tax my land.

You have refused to even tell me what kind of taxation is lawfully being applied to the fraudulently assessed and demanded taxes.

You have refused to acknowledge and provide required remedies to me, an American State National and free American in regards to your fraudulent and unlawful corporate, feudal system taxes, which you call "property taxes"..

So, you have been given notice. Your criminality is clear. Your silence is equated with fraud. You are guilty. And, you and your rogue, treasonous and mutinous service corporations will be held accountable in an actual Common Law court of actual American Law.

Sincerely,
Mark VanAmburg

Dear Mr. VanAmburg:

This letter will briefly address those portions of your October 13th and 24th, 2022 correspondences in which you question and challenge the Town of Leicester's authority to assess *ad valorem* taxes on real property located within its boundaries.

Specifically, your correspondence of October 13th suggests that you are prepared to draw certain "conclusions" about the "lawfulness" of Leicester's tax assessments in connection with property located at [REDACTED] for which you have been an owner of record since September 23, 2002.

Please be advised that the town has no affirmative duty to provide a "rebuttal, point by point, of [your] positions . . ." as stated in your correspondences. Further, no legally enforceable presumptions of any kind can or should be inferred from Leicester's responses to your public records requests. Your self-serving assertions that the stated assumptions "will be presumed to be a correct assessment of my personal situation," are entirely personal to you and hold no legal significance whatsoever.

Before formulating any personal "presumptions" or "beliefs" concerning the Town of Leicester's authority to assess property taxes based on the value of your lands, you are hereby advised to seek the advice of your own attorney to become fully informed about the existing constitutional and statutory authority of municipalities to impose property taxes and the consequences of failing to pay those taxes.

In general, you may wish to consult the following partial list of constitutional and statutory references which establish the enabling authorities and duties of the Town of Leicester to assess property taxes. I urge you, however, to speak with your attorney concerning these references, the Town of Leicester's authority to tax your property, and your rights to appeal any tax assessed against your property.
