Re: Notice of Data Breach

Dear <<Name1>>:

Broward College recently discovered an incident that may affect the security of your personal information. We write to provide you with information about the incident, steps we are taking in response, and steps you can take to better protect against the possibility of identity theft and fraud, should you feel it is appropriate to do so.

What Happened? On or about August 3, 2017, certain Broward College employees received a spam phishing email to their Broward College email accounts. The phishing email contained a link that asked the employee to enter their Broward College log-in credentials. On Friday, August 18, 2017, Broward College learned that certain employees had clicked on the link in the email and provided their credentials. Broward College identified and corrected the issue by contacting all potentially affected employees and ensuring that all passwords were changed. Broward College also immediately initiated an investigation, with the assistance of a third-party forensic investigator, to determine what personal information, if any, was subject to unauthorized access or acquisition.

Monitor Your Accounts.

Credit Reports. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

Fraud Alerts. At no charge, you can also have these credit bureaus place a “fraud alert” on your file that alerts creditors to take additional steps to verify your identity prior to granting credit in your name. Note, however, that because it tells creditors to follow certain procedures to protect you, it may also delay your ability to obtain credit while the agency verifies your identity. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts on your file. Should you wish to place a fraud alert, or should you have any questions regarding your credit report, please contact any one of the agencies listed below:

Security Freeze. You may also place a security freeze on your credit reports. A security freeze prohibits a credit bureau from releasing any information from a consumer’s credit report without the consumer’s written authorization. However, please be advised that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services. If you have been a victim of identity theft and you provide the credit bureau with a valid police report, it cannot charge you to place, lift, or remove a security freeze. In all other cases, a credit bureau may charge you a fee to place, temporarily lift, or permanently remove a security freeze. Fees vary based on where you live, but commonly range from \$3 to \$15. You will need to place a security freeze separately with each of the three major credit bureaus listed above if you wish to place a freeze on all of your credit files. In order to request a security freeze, you will need to supply your full name, address, date of birth, Social Security number, current address, all addresses for up to five previous years, email address, a copy of your state identification card or driver’s license, and a copy of a utility bill, bank or insurance statement, or other statement proving residence.
