## INTRODUCTION

On May 2, 2002, then Governor Howard Dean signed into law H.728 which created Vermont's Domestic Violence Fatality Review Commission. See Appendix A for a copy of the Bill. The purpose of the Commission is to collect data and conduct in-depth reviews of domestic violence related fatalities in Vermont with the goal of making policy recommendations to prevent future tragedies. Vermont joined 28 other states and the District of Columbia in creating a multi-disciplinary domestic violence fatality review group. The theory behind all these review groups is that by examining data and information the Commission will be better able to understand why and how the fatalities occurred and what Vermont can do to prevent these fatalities.

The Domestic Violence Fatality Review Commission operates under the auspices of the Office of Attorney General in consultation with the Vermont Council on Domestic Violence pursuant to 15 VSA Sec. 1140. A copy of the protocol with the Council is at Appendix B.

Under 15 VSA Sec. 1140, the purposes of the Commission are to:

- examine the trends and patterns of domestic violence related fatalities in Vermont;
- identify barriers to safety, the strengths and weaknesses in communities, and systemic responses to domestic violence;
- educate the public, service providers and policymakers about domestic violence fatalities and strategies for intervention and prevention; and
- recommend policies, practices and services that will encourage collaboration and reduce fatalities due to domestic violence.

This is the Eleventh Commission Report. This Report includes data regarding fatalities for 2012 and updates the statistical information that dates back to 1994.

The Commission members asks all Vermonters to review this report and provide us with comments and suggestions as we continue to study the trends and patterns of domestic violence and related fatalities. A list of Commission members can be found at Appendix C.

In addition, the Commission encourages the public to refer us case review matters and a case referral form can be found at Appendix D.

## EXECUTIVE SUMMARY OF COMMISSION DATA

The Commission data indicates:

- Between 1994 – 2012, 50% of all Vermont homicides were domestic violence related.
- 56% of Vermont's domestic violence related homicides were committed with firearms and 80% of the suicides associated with the homicides (i.e. murder/suicides) and domestic violence are committed with firearms.
- 83% of Vermont's domestic violence related fatalities are committed by males and 54% of their victims are female and 46% are male.
- In 2012, of the 13 homicides of adults, 4 were deemed domestic violence related thus 31% of our adult 2012 homicides were domestic violence related. Of the 4 adult domestic violence related homicides, 1 was committed with a firearm and 3 involved blunt trauma. 1 of the cases was a murder/suicide tragedy. 3 of the cases involved family members residing together and in those cases all 3 of the victims were elderly with their ages ranging from 71 to 99. 1 case involved estranged intimate partners.
- Of the 4 domestic violence related homicides of adults, all 4 occurred in residences.
- According to the 2010 VT Crime Report, approximately 65% of violent crime occurs in Vermont residences making the home the most frequent location for violent criminal incidents.
- The Commission does note that when reviewing the adult homicides for 2012, one case involved sexual violence and was clearly a violence against woman crime but it did not meet the Commission's definition of Domestic Violence fatality which can be found at Appendix E.

### SUMMARY OF 2012 DATA

## **APPENDIX B**

### **Background**

Pursuant to H.278, the Domestic Violence Fatality Review Commission was established in May of 2002 within the Office of the Attorney General, in consultation with the Council on Domestic Violence, now the Vermont Council of Domestic Violence, for the following purposes:

1. To examine the trends and patterns of domestic violence-related fatalities in Vermont.
2. To identify barriers to safety, the strengths and weaknesses in communities and systemic responses to domestic violence.
3. To educate the public, service providers and policymakers about domestic violence fatalities and strategies for intervention and prevention.
4. To recommend policies, practices and services that will encourage collaboration and reduce fatalities due to domestic violence.

See, Sec. 1. 15 VSA chapter 21, subchapter 2.

The Statute as enacted does not define the term “in consultation with the Council on Domestic Violence”.

The Council had been created in 1993 by Executive Order and was codified in 2008 and re-named the Vermont Council on Domestic Violence at 15 VSA §§ 1171 – 1173. The Vermont Council provides leadership for Vermont’s statewide effort to eradicate domestic violence. In the Vermont Council’s statute one of its responsibilities is to “collaborate with the Vermont Fatality Review Commission to develop strategies for implementing the Commission’s recommendations.” 15 VSA § 1172(b).

### **Agreement**

In an effort to promote statewide coordination of advocacy and public awareness, the Council and the Commission will work in consultation with each other. In addition, the Council and Commission will collaborate on developing strategies for the implementation of the Commission’s recommendations. To meet these ends, the Council and the Commission adopt the following agreement.

1. The Council Coordinator will serve as the Council Representative to the Commission (the Council Representative).
2. The Council Representative will serve with the Chair of the Commission as the Executive Committee of the Commission.

3. The Council Representative will be authorized by the Council to represent the Council's position on any aspect of the Commission's work.
4. The Council Representative will report to and obtain guidance from the Council related to the ongoing work of the Commission. This discussion may, but will not be required to, include providing drafts of Commission reports to the Council, information regarding the collection of statistical data and general information regarding the review of individual cases.
5. The Council Representative is subject to the signed Commission Member confidentiality agreement and cannot report confidential information to the Council.
6. The Council Representative will draw on the collective expertise of the Council to help the Commission draft its recommendations and conclusions.
7. Prior to endorsing a Commission recommendation that refers specifically to an individual member of the Council or an agency represented by a Council member, the Council Representative will review it with the relevant Council member(s). That review may include: the likely impact of the recommendation, the feasibility of its implementation and any potential consequences that may not have been foreseen by the Commission.
8. The Council will work with the Commission to develop strategies to implement Commission recommendations from the annual reports. The Council Representative will oversee relevant implementation plans and will report to the Commission on progress towards and/or barriers to implementing Commission recommendations.
9. The Council and the Commission agree to resolve any differences respectfully and promptly by way of the Council Consultation Committee and the Office of the Attorney General.
