**Subject:**

I am making a public records request for all information (Documents, photos, emails, texts, videos, data and other records including other requests) associated with:

1) Myself (Jeffrey Howerton)

I am requesting this information from the 7 years to present. There are no records to my knowledge but I have experienced cybersecurity and privacy issues. I believe I have dealt with numerous privacy violations and cybersecurity issues and multiple ediscovery efforts linked to my accounts. Some are related to theft and exploitation of commercial projects. For example, a film regarding the anti nuclear movement from the 70s and 80s. Some of those involved at the time are now based in Vermont. There may be investigative records or things in emails and communications. I would like this information in digital format please. Thank you for letting me know.

Jeff
