Subject: VTDigger: June 7 PRR response

Hi, Zachary.

Thank you for your June 7 letter regarding the records Vermont Digger is seeking. We agree to pay \$327.75 to review and release records listed in items 2, 3, 7 and 8 in your letter and delivered a check to the AGO last week for that amount.

We also look forward to hearing from the AGO on June 21 regarding item 10.

Regarding item 1, our request for a redaction-free Mooney audit still stands. But because the AGO has repeatedly declined to release the entire document without redactions, please provide a line-by-line description of what was withheld from the partial audit the AGO gave us on March 6. This is also an outstanding request. I appreciate the AGO providing us on April 19 and June 7 more than 200 pages of miscellaneous documents that Mooney compiled in her audit. But the files seem to exclude all pages from the heavily redacted audit the AGO sent us on March 6.

Thank you. Feel free to call me with any questions.

- Dan
