Dear Sample Customer:

At Bulletproof 360, Inc. (“Bulletproof”), we understand the importance of protecting the security of your payment card information and have continually worked to improve the security of our system. Regrettably, this notice is to inform you about an incident that may have involved your payment card information. This notice explains the incident, measures we have taken, and some steps you can take in response.

In mid-October 2017, Bulletproof identified unauthorized computer code that had been added to the software that operates the checkout page at www.bulletproof.com. When we discovered the unauthorized code, we immediately removed it and began an investigation. We have been working with leading computer security firms to examine our systems. We have also been working with law enforcement. Based on our investigation, we determined that the unauthorized code may have been capable of capturing information entered during the checkout process during the period from May 20, 2017 through October 13, 2017 and October 15-19, 2017. The information on the checkout page that the code may have accessed includes customers’ names, addresses, email addresses, payment card numbers, expiration dates, and card security codes (CVV). You are receiving this notice because your payment card may have been entered on the checkout page during this time period.

We take the security of our customers’ personal information very seriously, which is why we have been working with leading computer security firms and reporting to law enforcement. We are working diligently to strengthen the security of our website in order to prevent this type of incident from happening again.

We remind you to remain vigilant to the possibility of fraud by reviewing your payment card account statements for any unauthorized activity. You should immediately report any unauthorized charges to your financial institution because payment card network rules generally state that cardholders are not responsible for fraudulent charges that are timely reported.

If you incurred costs that your financial institution declined to reimburse related to fraudulent charges on a payment card you used for an online transaction with Bulletproof during the relevant time period, please contact us at the number below. We will reimburse you for any such reasonable, documented costs that your financial institution declined to pay.

We regret that this incident occurred and apologize for any inconvenience. If you have any questions, please call (844) 534-0816, Monday through Friday between the hours of 9 a.m. and 5 p.m. Eastern time.

Thank you for your support and loyalty to Bulletproof.

Sincerely,

Dave Asprey
