Notice of Data Breach

Dear <<MemberFirstName>> <<MemberLastName>>,

We are writing to tell you about an unfortunate data security incident involving sophisticated criminal activity that may have exposed some of your personal information. We take the protection and proper use of your information very seriously. For this reason, we are contacting you directly to explain the circumstances of the incident.

What happened?

On December 17, 2018, OXO confirmed through our forensic investigators that the security of certain personal information that you entered into our e-commerce website (<https://www.oxo.com>) may have been compromised. We currently believe that information entered in the customer order form between June 9, 2017 – November 28, 2017, June 8, 2018 – June 9, 2018, July 20, 2018 – October 16, 2018 may have been compromised. While we believe the attempt to compromise your payment information may have been ineffective, we are notifying you out of an abundance of caution.

What information was involved?

OXO believes that unauthorized code may have allowed access to your name, billing and shipping address, and credit card information.

What we are doing.

OXO values your business and deeply regrets that this incident occurred. Upon discovering the unauthorized code, OXO immediately took actions to secure its site by working with recognized security consultants to conduct a thorough investigation of the incident and to determine additional measures designed to help prevent incidents of this kind in the future. When OXO obtained additional evidence, it retained forensic investigators to identify past website vulnerabilities. OXO has investigated the nature of the malicious code, removed the unauthorized code, conducted systems scans and reissued access credentials. OXO has also retained outside consultants to conduct penetration testing on its website.

For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

To place a security freeze on your credit report, you may be able to use an online process, an automated telephone line, or a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue.
