Notice of Security Breach

Dear <<Customer FirstName>>,

We are writing to inform you about a data incident that occurred recently that may have involved your personal data maintained by one of our third-party service providers, iNET Company. Welders Supply Company (“Welders Supply”) values its customer relationships and takes the security of your data seriously. We recommend that you closely review the information provided in this letter for some steps that you may take to protect yourself against potential misuse of your information.

What Happened?

Welders Supply’s website, weldersupply.com, is hosted and managed by a third party, iNET. Between December 3 and 6, 2018, Welders Supply received calls from three different customers informing it that they experienced irregular activity [REDACTED] shortly after making a transaction on Welders Supply’s website. Welders Supply notified iNET of the calls on December 6, 2018. That same day, after a brief investigation, iNET informed Welders Supply that an unauthorized third party had caused information that was entered on the Welders Supply [REDACTED] page, including [REDACTED], to be forwarded to an unauthorized third party. iNET believes that this incident began on or about November 14, 2018, but it informed us that it disabled the vulnerability on December 6, 2018.

What Information Was Involved?

While the information that could be viewed varied depending on the information entered on the checkout page, the possible elements of personal information may have included [REDACTED]

Here’s What We Are Doing and What You Can Do

iNET continues to investigate the incident but has taken steps to remediate the vulnerability. iNET has also assigned a programmer to monitor Welders Supply’s website with security analysis software and scheduled software to be in a “monitor only” mode. We continue to work with iNET to ensure that your information is protected.

We have also notified [REDACTED] of the incident so that the [REDACTED] are also notified and are aware of the incident with respect to your information.

In addition, we are providing you with the enclosed information about Identity Theft Protection. Please review your [REDACTED] account statements for any errors or irregular activity. There was no delay in providing you this notification as a result of law enforcement investigation.

We sincerely apologize for this incident. Our approach to technology systems, procedures, and the training of our people is driven by the desire to protect your data. Please know that we are continuously evaluating our processes to improve the security and safe handling of your information.
