Notice of Data Breach

Dear <<FirstName>> <<LastName>>,

We are writing to tell you about a data security incident that may have exposed some of your personal information. We take the protection and proper use of your information very seriously. For this reason, we are contacting you directly to explain the circumstances of the incident.

What happened?

On October 26, 2018, the Association of National Advertisers, Inc. (ANA) learned of suspicious activity indicating a possible data security incident. A forensic investigation revealed that an unauthorized user had gained access to the business email account of an ANA employee through what is known as a “phishing” attack. The intruder accessed the employee’s account from August 10, 2018 to October 29, 2018 and had the ability to download the contents of the employee’s business mailbox during that time. The ANA has cooperated with law enforcement regarding this security incident. That cooperation did not delay this notification.

What information was involved?

The compromised mailbox included your name and social security number. The ANA does not know if this information has been used for a fraudulent purpose.

What we are doing.

The ANA takes seriously its responsibility to safeguard personal information. Upon learning of the suspicious activity, the ANA took measures to contain the incident and to help prevent a similar incident from occurring in the future, including engaging a third-party forensic investigator to determine the nature and extent of the breach, and enhancing its security and employee training procedures to prevent a similar incident from occurring in the future.

The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue.
