Re: Notice of Data Breach

Dear <<Name 1>>:

The National WWII Museum (“WWII”) writes to inform you of a recent event that may impact the privacy of some of your payment information. We wanted to provide you with information about the event, our response, and steps you may wish to take to better protect against the possibility of identity theft and fraud.

What Happened? On or about April 10, 2019, WWII began investigating suspicious activity occurring on their online e-commerce website, <https://store.nationalww2museum.org/>. WWII immediately began working with third-party forensic investigators to determine what happened and what information was affected as well as to implement additional procedures to further protect the security of customer debit and credit cards. You can safely and securely use your payment card at our website.

On April 24, 2019, the investigation determined that WWII was the victim of a sophisticated cyber-attack that may have resulted in a compromise to some of our customers’ credit and debit cards used to make purchases on our e-commerce website between October 6, 2018 and January 24, 2019. This may include customers who completed purchases on our e-commerce website and those who began transactions but did not complete the sale. WWII took steps to confirm the identity of the customers whose personally identifiable information was impacted. On or around June 7, 2019 we confirmed the identities of the individuals who may have had information affected by this incident.

What Information Was Involved? Through the third-party forensic investigation, we confirmed on April 24, 2019 that malware may have stolen credit or debit card data from some credit and debit cards used on our website, <https://store.nationalww2museum.org/>, between October 6, 2018 and January 24, 2019. The information at risk as a result of the event includes the cardholder’s name, address, credit card number, expiration date, and CVV.

What We Are Doing. We take this incident and the security of your information seriously. As part of our ongoing commitment to the privacy of personal information in our care, we are working to review our existing policies and procedures and to implement additional safeguards to further secure payment information. In addition to notifying potentially impacted individuals we also notified state regulators, as required.

What You Can Do. You can find out more about how to protect against potential identity theft and fraud in the enclosed *Steps You Can Take To Better Protect Your Information*.

STEPS YOU CAN TAKE TO BETTER PROTECT YOUR INFORMATION

We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of your credit report.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below:

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below:
