**Marketing and Pricing Plans**

Zydus does not market or promote its generic products to prescribers or patients. Zydus sells its products to retailers and wholesalers. Zydus prices its products based on the current market conditions.

<b>Estimated Patient Volume</b>	<b>Breakthrough Therapy Designation</b>	<b>Priority Review</b>
As Zydus manufactures generic products, we do not estimate the number of patients that may be prescribed our products. We manufacture volume based on an estimated market share along with IQVIA EUTRx data and/or usages provided by our customers. Our manufactured volumes are based on national level data and we do not break these estimates down to a patient or state level.	No	No

**Date and Price of Acquisition**

This product was developed by Zydus.
