Dear Mr. Duty,

Thank you for your recent public records act request dated January 2, 2020. You requested “all records pertaining to all reports of humans being sickened by campylobacter after handling raw dog food or raw cat food.”

We have determined that we have no records responsive to your request. If you feel information or records have been withheld in error, you may appeal to the Deputy Attorney General in writing at: Joshua Diamond, Deputy Attorney General, Office of the Attorney General, 109 State Street, Montpelier, VT 05609-1001.

Given that your request relates to a public health matter you may wish to reach out to the Vermont Department of Health to see if there are reports or records related to this matter. You may access requests for data or records at the Vermont Department of Health here:
