Subject: Public Records Act Request 2020-00250

Re: 2020-00250

Dear Grace Pazdan,

Thank you for contacting the Vermont Attorney General's Office. For your convenience, a copy of your public records act request is attached. I wanted to make sure that you are aware of a previous request that includes some of the information that you requested.

The Consumer Assistance Program responded to a similar but broader public records act request in July 2019. The responsive material for this request can be found on our website at the link below. These materials include additional dealers. If you agree that these materials are sufficiently responsive (if somewhat broader), I wanted to offer you the opportunity to limit your request to responsive materials after that date in order to limit or eliminate the cost of providing the records, which could be duplicative.

Please advise me if you would still like to move forward with your public records act request as stated or if you wish to modify it in light of this available material. Modifications may include: date range, names of businesses, types of materials requested, etc.

Below is the information regarding the similar request:

Date: 07/26/2019
Name: Lewis, Iris
Organization: VT Digger
