Good afternoon,

My name is Kimberly Cataudella, and I work with the Investigative Reporting Workshop in Washington, DC. Pursuant to the Vermont Public Records Law, I am requesting a copy of the state of Vermont's public employee salary data for 2019. Please include the following:

- Employee's full names
- Job titles
- Departments/agencies
- Employment type (full/part time) and weekly hours, if available
- All salary/payment information that is available

Please share a copy of this dataset with me in either a .csv or .xls format. If there are any tip sheets or data dictionaries to help interpret the data, please send these to me as well. This request is not being made for commercial purposes, and the requested documents will be made available to the general public.

If there is a fee associated with this request, please tell me the cost – both the total cost and with each part broken down – in advance of fulfilling this request.

Please let me know if I can answer any questions, and please provide me with an idea of when I should expect to receive this data. I look forward to your response in three business days, as the statute requires.

Thank you so much!

Sincerely,
Kimberly Cataudella
