Hello,

Please provide any records of a Vermont administrative agency which fits this description:

... an eleven-member board created by the legislature whose members are appointed by the governor to administer the laws for this profession in the state of Vermont... mission is public protection.... does this by: ensuring that applicants are qualified for licensure; setting standards for the profession by proposing statutes and adopting administrative rules; and, with the assistance of Office of Professional Regulation staff, investigating complaints of unprofessional conduct, taking disciplinary action against licensees when necessary to protect the public.

Thank you,

David Shaddy, RN
