ANATOMY OF A ROBOCALL - PART ONE

ROBOCALLERS CAN EASILY AND CHEAPLY DOWNLOAD THESE TOOLS:

**AUTODIALERS** pump out millions of calls in minutes.

CALLER-ID SPOOFING allows scammers to make any name or number show up on your caller ID.

LEAD LISTS of phone numbers are bought, guessed or taken from public lists, and ignore the Do Not Call Registry.

PRERECORDED MESSAGES and soundboards make it easy to call millions with one scam.

ROBOCALLER

VoIP

Voice over Internet Protocol (VoIP) allows a robocaller to dump millions of calls over wireless networks through the internet.
