Introduction

Winooski is a great place to live. Winooski is small. And not a lot of traffic.

Reason 1

I believe it's calm. It is chill. Because There's not a lot of people that fight so its calm and chill. And not a lot of bad people. And cool people so I think we can do stuff better than fighting.

Reason2

Also there's not alot of traffic so it's quiet. It helps me relax and others to sleep that don't have a home. And some people need sleep because they have work early in the morning some even have

Work at 3:00am. And if there is not a lot of noise at night some people can get sleep.

Reason3

Additionally it's near get Air. I like why it's so close because I go a lot. It's fun Because I can do front flips and backflips. And i can do side flips And a cork.

Conclusion

Always be nice to others and to the Earth. And Winooski is a nice place to live.
