Introduction

In my opinion I think Winooski is great because there are a ton of places you could go see! I believe these three places are the best!

Reason 1

First, Landry park is one of the best places, because it has a huge soccer field! Next, it has an awesome skate park. Third, it has a beautiful playground with bright colors. Finally it has wonderful green trees that give us tons of shade in the summer.

Reason 2

Another place you should go to is the Winooski pool! First of all, it has two huge pools that everyone can play in. Second, the Winooski pool has a big water slide that most people can slide down from. There are also amazing life guards that help a lot of people.p;

Reason 3

Lastly, another reason why I love Winooski is that they have an amazing school called John. F. Kennedy school. It has amazing classes and people. Everyone there is very kind and sweet! In every grade you get to go on at least one field trip.

Conclusion

In conclusion those were the three main reasons why I love Winooski. I hope you visit there soon!
